

David Inabinette

4339 S Sacramento Ave | Chicago, IL 60632 | david.inabinette@gmail.com | (843) 327-6253

Technical leader with over 10+ years of web/application experience in the design, development, and implementation of applications and web-enabled business systems. Proven track record of directing web and mobile developers, bridging the gap between user-centered design and complex backend logic through hands-on experience with computational data pipelines.

EXPERIENCE

AVO Seattle, WA (Remote)

Senior UX Design Strategist

October 2022 – Present

- Manage and direct the creation of user-facing applications and strategic digital experiences for multiple key audiences.
- Overhauled the QA and resource allocation process for digital asset creation, implementing technical standards for system integration that reduced bottlenecks and decreased turnaround time by 20%.
- Ensure overall quality and compliance by confirming web assets interface properly with existing systems and meet strict WCAG 2.1 AA accessibility standards.
- Work with partner-enablement teams to drive thought leadership for customer and partner facing assets.

SCRIPTA INSIGHTS

Boston, MA (Remote)

Product Manager

January 2021 - October 2022

- Led distributed web designers, web developers, backend developers, and mobile developers team to solve business and stakeholder goals and objectives.
- Synthesized business and stakeholder reporting needs by conducting market research, 1:1 user interviews, and usability studies to create user-centered products that reduced time on task by 35%.
- Provided technical and analytical guidance to the project team to solve business problems for web-enabled account reporting systems.
- Utilized Jira/Confluence to help track development progress and report to senior stakeholders to align with product roadmaps and go-to-market (GTM) strategies.

SCRIPTA INSIGHTS

Boston, MA (Remote)

UX Product Designer

May 2020 - January 2021

- Led product design and development teams for implementation of product features that reduced time on task by 80% and increased accuracy by 40%.
- Defined and documented product requirements and computational logic to align cross-functional leadership expectations within project scope.
- Created wireframes, high fidelity mockups, and prototypes using Figma to user test product features.
- Worked closely with a distributed development team using Jira and Confluence to track progress and manage QA efforts.

REVEAL DESIGN GROUP

New York, NY

Project Manager

June 2018 - March 2020

- Coordinated teams, including designers, vendors, and contractors, to execute complex architectural lighting projects, ensuring overall quality of deliverables and streamlining bidding time by 60%.

SOTTILE THEATRE

Charleston, SC

Technical Director

December 2014 - December 2016

- Oversaw all technical aspects of 200+ performances a year, and managed direct reports, conducted performance appraisals, and administered staff time-off and disciplinary functions.

SKILLS & INTERESTS

Technical: HTML, CSS, JS, C, Python, SQL experience, Jira, Confluence, Figma, Adobe CS

Soft Skills: SCRUM, Documentation, Information Architecture, UX/UI, Web/mobile Design, Technical writing

Education/Academic: ASU Physics, Ozkan Lab Computational Biophysics Protein analysis

Projects & Research: CoCoRaHS Observer, American Astronomical Society, NASA L'Space Academy
